

2022-2023

Castaic High School Cheer Sponsorship Program

The Castaic High School Cheer Mission Statement celebrates the integrity and worth of each individual, and the diverse cultures, talents, and skills that each individual brings to the Castaic High School Cheer team. Uniqueness fosters pride and that pride brings about a greater self-respect. Along with our Community's support and encouragement, we strive to develop a sense of sportsmanship, unity and respect.

Castaic High School has now been open for four years, with our first ever Senior Class and Varsity Teams. Our Coyote Cheer team is helping to lay the foundation, build school spirit and start traditions that will be carried on for years to come. As an individual, family, or local business- you can be part of this Inaugural Season in our School's History.

Your support and involvement with our program will benefit and allow us to grow. The cost associated with operating and maintaining a non-profit organization can be challenging for any organization, especially in its formative years. Your donation will not only help establish our team's legacy but it will also provide your business with increased visibility on our website and eventually on our campus. In future years, we will have different levels of support as we continue to grow and have the ability to offer more opportunities to display and promote your business.

Our Inaugural Package last year began at \$100, any additional support is welcome and appreciated
